PUBLISHING

Thank you for the opportunity to share with you some of our work. First, a little background: I published my first book in September 2023 (at the request of a long-time author for me to learn the process). I am grateful that he trusted me with such precious responsibility. In July 2025 I had the honor to have another trusted publisher review my work and give me feedback on how I can improve the overall product for these authors. She has more than 16 years in the industry and has published hundreds of books. Her feedback was invaluable to me, and I have been able to implement all her suggestions, and the result is a far superior quality professional product that was produced before.

TURNING YOUR trials INTO GOLD
BERT AND CAROLYN FARIAS

In a very candid and transparent manner, the author shares the greatest trial he and his wife ever went through during the COVID-19 global pandemic, and how the Father brought them out of it.

In this rare and compelling book, several key points are made that will help all believers endure their own trials and overcome them.

- You will understand the reasons and causes of trials.
- You will also gain understanding of the higher purpose of trials.
- You will learn to overcome trials and keep a proper and eternal perspective.
- You will reap the blessings of the overcomer.

AND MUCH MORE!

BERT AND CAROLYN FARIAS are messengers of the Lord carrying a spirit of revival to the Church and the nations. An anointing of fire marks their ministry with frequent demonstrations of the Spirit and the power of God. With a divine commission to also write, Bert has authored multiple books with an emphasis on helping restore the true spirit of Christianity in the Church today and preparing the saints for the glory of God, the harvest, and the imminent return of the Lord.
